SUBJECT: REACH Statement

This is reference to EU's REACH directive and the updated ECHA candidate list of SVHC's on June 10, 2022, to include 224 substances <https://echa.europa.eu/candidate-list-table>. Atlas Wire Corporation and its suppliers confirm that none of the SVHC's are intentionally added to raw materials or during process at Atlas Wire.

Additionally, to the best of our knowledge, our products do not contain any of the substances of very high concern above the 0.1% threshold by weight.

We are also in compliance with New Article – Definition Rule, following the judgement of the European Court of Justice, 10th September 2015 in case C-106/14. https://echa.europa.eu/documents/10162/2324906/articles_en.pdf

This statement is based upon confirmation from our vendors and after reviewing our manufacturing process.

Please contact the undersigned if you require further information.

Sincerely,

Fahad Iraqi
Director of Operations
